

GLENVIEW STATE BANK

Northfield, Illinois

ARCHITECT: Mayes Architects

Elmhurst, Illinois

OWNER: Glenview State Bank

Glenview, Illinois

SERVICES PROVIDED: General Contractor

LOCATION: Northfield, Illinois

Ground-up 3,500 square foot masonry building with cedar shake roof, and four-lane drive-up. Included teller line and full service banking facility, in addition to a 1,200 square foot Disaster Recovery Room. A 135kWh natural gas generator provides back-up power for the facility, which also services as the back-up computer center in case of a disaster at the main bank. Work also included temporary storm water retention under the site, paving, lighting, and landscaping wall.
